

Molift Mover 300

When a high safe working load is needed.

*Find optional suspensions
and detailed information
at page 26–27.*

High capacity in a low total weight

With its high hoisting capacity of 300 kg (660 lbs), Molift Mover 300 is the ideal solution for hospitals and care facilities with bariatric clients who have frequent and everyday moving and handling needs. With a total weight of only 39.3 kg (90 lbs) the Molift Mover 300 is the lightest in its category. The unique construction and wheel positioning provides excellent manoeuvrability.

Excellent hoisting range

Molift Mover 300 hoists easily from the floor, reaching down to 38 cm (15") at the lowest. Excellent maximum hoisting height at 178 cm (70.1") provides good free hoisting space and possibility for gait training. The hoist is also equipped with an environmentally friendly NiMh-battery.

Description

Molift Mover 300 excl. suspension
Standard 15050
With Support arms 15150

Material

Aluminium, steel

Service Software

Included

Total weight

Regular: 39.3 kg (90 lbs)
With support arms: 45.9 kg (101.2 lbs)

Length

1285 mm (50,6")

Width chassis/legs outer

690 mm (27,2")

Width open legs inner

1065 mm (41,9")

Hoisting height

375 - 1775 mm
(14,8 - 69,9")

Hoisting interval

1400 mm (55,1")

Leg height

115 mm (4,5")

Battery

NiMh 26.4 V – 2.2 Ah
Item no. 1341000

Battery charge time

Ca 3 hours

Hoisting speed

2.7 cm/ sec
(1.1"/ sec)

Rated performance

50 hoists at: 75 kg and 50 cm
(165 lbs and 19.7")

Cleaning instructions

Use pH-neutral cleaning agents. If disinfection is required, use isopropyl alcohol. Do not use abrasive or corrosive substances for cleaning.

Features

Unique patented Quick release
Molift Mover 300 has a standard 4-point suspension with a Quick release function which provides options of other suspensions in different dimensions.

Many options

Molift Mover 300 can be used with a 4-point suspension. They are available in two variants and can be interchanged easily without tools.

High safe working load

Molift Mover 300 has a safe working load of 300 kg (660 lbs) and still weighs only 39.3 kg (90 lbs).

Weight scale

The Molift Mover 300 scale is approved Class III and complies with all technical standards. It can also calculate BMI (Body Mass Index) with a simple touch.

Molift Mover 300 is available with additional Support Arms. In combination with the maximum height it provides an ideal solution for gait training.
